

MESSAGE FROM THE ACADEMIC SUPPORT COORDINATOR

My name is Luke Kosmas I run the Academic Support Center (ASC) on campus, located in the San Dimas campus library! This center exists to help support you through those tough classes, full schedules, confusing subjects, and challenging papers. We service any students who attend LPU whether on the San Dimas campus, the Virginia campus, as well as our undergraduate and graduate remote learners.

Those of our team in the ASC want to have your back! See below for the services we offer:

- **Individual Tutoring:** We welcome walk-in visits during our open hours, or you can book an appointment at <https://lpuacademicsupportcenter.setmore.com/>. We can help you in ANY of your classes, to create a homework/life schedule, or help you plan a paper! These are conducted in-person or over Zoom.
- **Writing Oversight:** The ASC welcomes papers that need a look-over in terms of form, content, and style. Please submit your paper to asc@lifepacific.edu **at least 48 hours before its due date.**
- **Workshops/Seminars:** These will be held throughout the year and be focused on academic skills and habits. Come and learn with us and feel ready to take on anything – Stay tuned!
- **Learning Disabilities Services:** The Learning Disabilities Services exists to support students who have documented learning differences in providing specific accommodations for academic courses. Please reach out to me at lkosmas@lifepacific.edu if you have further questions regarding this service and we can set up a time to connect.

👉 If you have any questions, please don't hesitate to reach out at lkosmas@lifepacific.edu, 909-599-5433 x 419, or find me in my office!
