NEW DISABILITY ACCOMMODATION CLAUSE

Life Pacific University facilitates the implementation of reasonable accommodations for students with disabilities, chronic medical conditions, temporary disabilities, or pregnancy complications that result in challenges to fully accessing a course, programs, or other services. The Academic Support Center determines accommodations for individuals with documented qualifying disabilities in accordance with applicable state and federal laws.

Any student in this course who has a disability that might prevent her/him from fully demonstrating her/his abilities should contact the Academic Support Center (ASC@lifepacific.edu) as soon as possible to initiate disability verification and request accommodations that may be necessary to ensure full participation in the successful completion of the course requirements.

Note: The Academic Success Center does not provide assessment for students who have a suspected learning disability. Students are required to obtain this information from an outside source such as a licensed psychologist or qualified educational therapist; the Academic Success Center can make referrals.
